MATRIMONIAL.—Recorder Woods has the pleasure of issuing eight marriage licenses during last week.

BOARD OF SUPERVISORS.—A called meeting of the Board of Supervisors will be held to-day at the Court House.

ATTENTION is directed to an advertisement offering a valuable coal property for sale, situated a few miles up the river. It is worthy the attention of capitalists.

ARRESTED AND SENT TO JAIL.—John McDermott, an employee on the Street Railroad, was brought before Justice Schultz, on Saturday afternoon, on a charge of disorderly conduct, and fined twenty dollars and costs. Not having that amount about his clothes, he was committed to the care of Farris, on Fifth street, who will see that he is kept warm and comfortable.

STOCKHOLDERS' MEETING.—A meeting of Stockholders in the National Insurance Company was held on Saturday afternoon. The following gentlemen were elected Directors for the present year: Messrs. A. C. Quarrier, John A. Armstrong, James McClintock, W. T. Singleton, Alex. Laughlin, George Adams, George K. Wheat, John E. Wilson and M. L. Oll.

FALSE REPORT.—The reported murder of a woman by her husband a few miles out the Hempfield road, on Friday morning's paper, is believed to be unfounded. A gentleman informs us that he made inquiry on Saturday of several persons residing in the neighborhood where the murder was said to have been committed, and they had heard nothing of such an occurrence. What object any one could have in fabricating such a report we cannot conjecture.

POLICE COURT.—Saturday morning the individual who was making such an ado on Friday afternoon about being kept away from home at that particular juncture, on Saturday, was brought out and a fine of one dollar and costs imposed. After paying over the currency, he made a bee line for the country.

IN THE AFTERNOON, Henry Swigert, the irrepressible Henry, was before Judge Good, on the old charge, and received his usual sentence, imprisonment in the county jail.

VISIT TO THE PENITENTIARY.—Nearly all the members of the Legislature, by invitation of the Superintendent, paid a visit, Saturday, to the Penitentiary. The special train that carried them left the city at 9½ A. M. and returned at half-past three. The forenoon was spent very pleasantly in looking through and surroundings. When dinner time came, a sumptuous repast was spread under direction of the Superintendent in the dining hall of the building, and all sat down to a dinner which was excellent in itself and which was made more than usually enjoyable by the novelty of the situation. After dinner our friend McFadden brought out his "band," composed of a number of his pet lambs who perform on nearly every kind of instrument known to the profession—before the ladies, tambourines, flutes, clarionets, Jew's harps, guitars, "harp, psaltery and sackbut," and other articles too numerous to mention. Quite an excellent entertainment was furnished by these votaries of the "heavenly maid," and relished by the gentlemen.

The gentlemen of the Legislature returned pretty well pleased with the day's experience and favorably impressed with the progress and character of the work on the building, and the discipline among the convicts, and general regulations of the place.

HELD TO BAIL.—Louis H. Grabe was arrested and brought before Judge Johnston, on Saturday morning, on the charge of obtaining \$24.50 from Louis Schmitt under false pretences. The examination was postponed until 4 o'clock in the afternoon to enable the prisoner to have his witnesses summoned. At that time quite a number of persons were present, and the case fully investigated. It appeared from the testimony that Selbriest owed Grabe the amount named above, and suit was brought to collect the debt before Esquire Ravenscraft. Judgment was obtained against Selbriest and immediately assigned to a man named Asmus, whom Grabe owed. Grabe was also indebted to another party named Natty, and the transfer of the judgment to Selbriest for the money. Natty presented the order, and Selbriest supposing it was in satisfaction for the judgment, gave his note, and suit was brought sometime after on it. Ascertaining that the note was given for the same debt on which judgment had been already obtained, he resisted the payment, and sued out a warrant for Grabe's arrest. These are, substantially, the facts as narrated to us. The State was represented by the Justice. Mr. Davenport, the prisoner by Mr. Cramer. The probability of Grabe's suit was sufficient, in the opinion of the Justice, to hold him for trial by the Circuit Court, and he was required to give bond in the sum of \$200 for his appearance. This he had little difficulty in doing, and he was set at liberty.

CITY COUNCIL.—An adjourned meeting of both branches of the City Council was held on Saturday afternoon at 2 o'clock. In the Second Branch the chair was occupied by President Wilkinson, who called the Branch to order, and directed the Clerk to call the roll. The following members answered: Messrs. [These committees were arranged by the Mayor and President of the Second Branch under an order passed at the last meeting, and the report was adopted.]

It will be understood that the chairman of the committees are yet to be selected by their respective members, for which purpose a meeting will be held some evening this week.]

Mr. Goshorn, who was elected a member of this Branch at the last meeting, to fill the vacancy occasioned by the resignation of Col. H. K. List, died on the 27th inst. of a disease of the lungs. Mr. Hughes, an election was held to fill the position thus declined.

Nominations were called for, when Mr. Baer nominated Mr. John Scott, and Mr. Hughes named Ex-Mayor Sweeney.

The first ballot resulted: Sweeney, 10; Scott, 7. Mr. Sweeney was declared elected, and came forward and took the prescribed oath.

The official bonds of Sergeant Eliot Conant, Street Commissioner Clark, City Clerk Feeny, and Wharf Master Foreman were presented, and accepted, and the oaths of office administered to them, respectively, by President Wilkinson.

A communication was read from Messrs. Culbertson & Fisher offering to rent a portion of their building for the purpose of building a steam fire engine, at \$500 per annum, and agreeing to pay \$300 per year if the city authorities would permit one of the engines to be used on the city streets a number of times, each night through their premises.

Pending consideration of the communication, Mr. Shanley offered a resolution authorizing the Committee on Fire Department to obtain some suitable building in which to place, temporarily, a steam fire engine Atlantic No. 2 on its arrival in this city. The resolution was adopted and the letter of Messrs. Culbertson & Fisher was laid on the table.

A resolution was received from the First Branch authorizing the city Clerk to furnish each of the recently elected members therein, one copy of the city ordinances, and after being amended as to read "each of the recently elected members to Council" was adopted, and returned to the First Branch for its concurrence.

A resolution was received from the First Branch that when Council adjourns to-day, it be to meet next Tuesday evening, and that the special order of the day be the election of the officers provided for by the charter.

Sergeant Conant presented the following as the persons selected by him for his deputies, and asked their confirmation: Messrs. Joseph Chapline, Joseph Reese, Charles Eley, William Richardson, Henry Seay, William Dettler and James Henry.

The appointments were confirmed, and at a subsequent hour of the evening they presented themselves and took the required oaths.

The name of Mr. Goshorn having been reported to the list of Stagnant Committees, on motion of Mr. Shanley, Mr. A. J. Sweeney was substituted, Mr. G. having declined the office.

The President appointed Messrs. Hughes, Pratt and Harrison, a Committee on behalf of this Branch to take into consideration the expediency of establishing a paid Fire Department and Night Police.

Mr. Sweeney offered a resolution that the City Clerk be authorized to discharge before, or continue on duty until this next meeting of Council, the

night police, and that they report whether a night police is necessary and ought to be organized.

Mr. Shanley moved, its reference to the Committee on Police with instructions that they also investigate and report.

Quite a protracted discussion was had on the resolution and the proposition to refer, during which Mr. Connelly made the motion to lay the whole subject on the table. Mr. Connelly's motion did not prevail.

A further motion in debate Mr. Sweeney accepted Mr. Shanley's proposition as an amendment to the original resolution, and as amended, it was adopted.

A resolution was received from the First Branch authorizing the appointment of a committee of two from the First Branch and three from the Second to memorialize the Legislature in reference to amending the charter of the city in certain particulars.

On motion the Second Branch adjourned.

Poland penetrates every nook and corner of civilization with healing on its wings, "to cheer, to comfort and to bless" all who are troubled with Scrofula and other humors. For sale by Laughlin, Smith & Co.

It is strange to see with what carelessness some invalids attend to their health. They will procure a box of Purgative Bitters, which ought to be used up in a month or six weeks, and upon inquiry it is found that they have used only two or three bottles. Some days they have used it according to the directions, and others have not touched it. The whole trial has been irregular, and of course a less favorable result has come from their use. If it be true that "what is worth doing at all is worth doing well," how emphatically is it true in matters relating to the health. A few bottles of Poland's Bitters, with a little common sense, and every disease, while in an incipient stage, has been subdued after weeks of resistance.
